

Maryland Trees Photo Exhibition for 4H/FFA

4H/FFA chapters across the state are joining the Forest Service Centennial Celebration by participating in a special "Maryland Trees" photography category for the 2006 Fair season. Local Forest Conservancy District Boards are sponsoring the exhibit. Centennial items and special awards will be presented by the Forestry Boards and the Maryland State Forester. This special class has also been included in the 4H photography exhibit at the State Fair level.

Photographs to be submitted in this special "Maryland Trees" category will focus on a single tree as the main subject. The chosen tree can be in any setting in Maryland (such as a park, street, yard, rural field, woodland, etc.). This special class is offered for 2006 to celebrate 100 years of Forest and Park Conservation in Maryland. Contact your local 4H educator to see if your county chapter is participating. You can also find information by going to the 4H youth development website at www.maryland4h.org

Click on Maryland State Fair and choose the "State Fair" mural. Follow the link under 4H Shows to section N in Expressive Arts.

Or, go directly to the State Fair website at www.bcpl.net/~mdstfair and follow the link under 4H Shows.
